

SURFOX-G

pH Neutral Electrolyte Cleaning Solution

SURFOX-G is a pH neutral electrolyte cleaning solution that removes weld discoloration and enhances passivation to the work surface without the use of dangerous pickling paste. TIG and SPOT weld discoloration are removed instantly and the original mill finish is restored, requiring no further treatment.

Features & benefits:

- **pH neutral**
- Highly effective electrolyte cleaning solution
- No scrubbing or mechanical action required
- Instant cleaning of weld discoloration
- Non-flammable, VOC free
- **The use of SURFOX systems is a recognized method for achieving chemical passivation on Stainless Steel Parts, as defined by the ASTM A967 specification;**
- NSF registered under category code A3, registration No. 146974
- **TIP:** Clean with SURFOX-N to complete the cleaning process
