

EVERYTHING TO HELP THE END-USER PREP, WELD AND FINISH.

Since 1952, WALTER Surface Technologies has been providing metalworking solutions to industrial professionals, aiming to help them work better. Our durable, high-performance solutions are manufactured with the highest safety standards to protect workers. Organizations can lower costs and improve metalworking processes' safety and efficiency using WALTER solutions.

VENTILATION AND ON-SITE SAFETY

Reliable, innovative, and high-quality safety products that meet your on-the-job needs!

ABRASIVES

Highest quality materials and designs for most common metals including steel, stainless steel, aluminum and titanium.

PERSONAL PROTECTION EQUIPMENT

Keeping you safe every step of the way.

WELD CLEANING & PASSIVATION

Designed to obtain ASTM A967 certified passivation with greater safety (registered to be used in food plants).

WORKPIECE & EQUIPMENT PROTECTION

Reduce time spent cleaning or removing weld spatter.

CUTTING FLUIDS, LUBRICANTS & MRO

Developed and formulated to the most rigorous standards of quality.

CLEANERS, SANITIZERS & DISINFECTANTS

Improve worker safety conditions, increase sustainability & reduce waste without compromising on productivity.

HOLE MAKING, THREADING & SHAPING

Make more holes faster in all metals.

POWER WIRE BRUSHES

Premium wire and perfectly balanced.

POWER TOOLS

Power. Performance. Reliability. Versatility. Safety.

WHAT DOES WALTER'S BREADTH OF METALWORKING SOLUTIONS MEAN FOR YOU?

- ▶ Less down time scheduling appointments with an extensive group of different supplier contacts
- ▶ One point of contact when on-site consultation is needed for metalworking pain points
- ▶ Access to an expert that understands a wide range of applications

WALTER CAN CONSULT ON, AND PROVIDE SOLUTIONS FOR, A WIDE RANGE OF METALWORKING APPLICATIONS DURING A SINGLE VISIT!
