Dear Ms. Kanzo:

RE: Pro Clean

This is further to our letter of March 29, 2018 and in reference to your email of January 11, 2018, seeking our comments on the acceptability of the subject product for use as a cleaner in food processing establishments.

Based on the information submitted, we can advise that we see no reason to object to the composition and use of the subject **cleaner** in food processing establishments, provided that:

- a) There will be no contamination of food as a result of its use and storage; and
- b) Equipment or surfaces subject to direct contact with food are thoroughly **rinsed with potable water** after treatment with the product.

We trust that the foregoing will be of use to you.

Yours truly,

Khadejeh Ziabasharhagh
